5. The Client shall individually bear the obligations to pay the fees imposed by financial institutions, tax or other mandatory payments, unless this Agreement provides otherwise.
6. Once a player opens his Personal Account, funds may be deposited, and credited onto this same account. As long as there is a positive balance on the player's Personal Account, he may deduct stakes for Bets and wagers on casino and/or live casino. Winnings gained from betting, casino, live casino and virtual sports are credited directly to the player's Personal Account. All winnings credited on the Personal Account may be immediately used for placing further Bets.
7. Any deposit and pay-out incurred by a player may be made only onto his own Personal Account or to his own payment account. As a general rule, payments from third parties as well as withdrawals to payment accounts of third parties will not be processed. Any deposit or pay-out of funds shall be governed by the terms of this Agreement, including the specific rules applicable to the respective product and any additional terms and conditions that may apply to promotions, special offers and bonuses.

If players deposit funds in currencies other than the currency of their Personal Account, their deposits will be converted into the currency of their Personal Account at the current exchange rate.
9. Any and all personal information provided by a player to Company must be correct and complete. The player undertakes to notify Company without delay, but not later than 5 days from any actual change in the Client's personal information of the change providing all, complete, and accurate information to Company. Company reserves the right to cancel any bets as well as winnings, block betting accounts, exclude the player from participating in other games, retain payments to the

player and report the player to the authorities in charge if any information given to Company by the player turns out to be incorrect or incomplete. The player is liable for any damages and costs arising out of false or misleading information. If any deliberately false or misleading information is furnished, any and all transactions on the Personal Account shall be declared invalid.

10. Company operates on the basis of the assumption that each person logging into the system with the correct combination of username and password actually is the lawful Personal Account holder. It is in particular not permissible to make any transactions for the account of others, on the Personal Accounts of third parties, by forming syndicates of players or in conspiracy with third parties using frontman. Company reserves the right to close Personal Accounts, cancel transactions and retain the payment of funds if the player has made his account available to third parties, makes transactions on behalf of or in the name of third parties, in conjunction with third parties, in groups/syndicates of players by using frontmen, or by using impermissible software tools, or in violation of other provisions of the Agreement and/or the applicable laws and regulations. Company reserves the right to close any Personal Account of players at any time without giving any reasons.
11. Every player can open only one account per Website. The use of identical e-mail addresses or telephone numbers in various Personal Accounts is prohibited. The player shall use one e-mail address or telephone number to which only he has access. Should any player open another Personal Account in his own name or in someone else's name or in conjunction with one or several persons after his Personal Account was closed/limited for any reason whatsoever, Company reserves the right not only to close those accounts but also, at any time, to cancel any transactions (bets, wagers), to exclude the player from participating in further games and call in any free money credited. Company further reserves the right to cancel any transactions, refuse all pay-outs, exclude a player from placing bets/the participation in a game and/or block the player's Personal Account if there is a justified suspicion of an event or a bet placed being manipulated/rigged, or a suspicion of circumventing the maximum win/stake, using frontmen, acting as frontman for a third party or acting on a third party's account, or the use of impermissible software tools.
12. It is prohibited for players to sell, transfer, assign and/or acquire accounts, balances, or claims against the Company to/from other players or to third parties.
13. Furthermore, in line with the Company policy for the prevention of anti-money laundering and applicable legal obligations, Company does not permit depositing funds originating from criminal activity, depositing funds by using a credit card which a player is not authorized to use, knowingly receiving money from such card in any other manner, colluding with a third party to do so, or using a third party's Personal Account for any criminal activity or illegal purpose.
14. Company notifies herewith all players that the Company is unable to provide advice on fiscal or legal matters. Therefore, Company may not be held liable and shall be held harmless by the players for any loss, damage, loss of profits, fees, costs, and any other disadvantage that a player may incur in connection with his use of the services and products offered by Company, unless stated otherwise this Agreement and the applicable rules for specific services and products as amended from time to time.
15. For inactive Personal Accounts, i.e., players' accounts which have not recorded any log in and/or log out for a period exceeding 12 consecutive months the Company reserves the right to charge an inactive account fee of EUR 5.- per month. For all other currencies that may be in use from time to time the administrative fee is the equivalent of the above-mentioned EUR amount as per current exchange rate. The administrative charge will be charged to the Personal Account of the player. The first fee for inactive accounts will be deducted on the first day following 12 months of inactivity. All following fees for inactive accounts will be deducted on a monthly basis, i.e., on the first day of each consecutive month until the account balance reaches zero. If upon the deduction of these fees the balance on the Personal Account falls to zero, Company is entitled to close this Personal Account.
16. All registered players will be notified at least 30 days prior to any fees being incurred that the inactive account fee is to be charged to their Personal Accounts. Holders of inactive accounts may instantly reactivate their accounts by logging in/logging out or withdrawing the funds within the 30 days' time window without incurring any fees. Players reactivating their account are entitled to a refund of the inactive account fee for the last 3 months.
17. Company is also entitled to close Personal Accounts that are undesirable for any other reason without giving a cause and prior notice, including for the reason that the player damaged or is damaging the reputation of the Company. If, on the other hand, the player wishes to close his Personal Account, a request by Live Chat or by email to support@betmaster.io is sufficient. Termination of this Agreement shall not affect the accrued rights or obligations of the parties existing at termination. If the reason for a player requesting the closing of his account is that player's gambling addiction, the player must notify the Company together with his request for closing his Personal Account. When a Personal Account is closed, information relating to the account may be saved for up to ten (10) years from the time the account is closed or however long it is required or allowed under the respective regulation. Related information includes player name, address, phone, email, and account transactional details.
18. If internal inspections conducted by the Company's specialists reveal any signs of illegal actions by the Client, the Company may cancel all registered Bets, block the Personal Account, and conduct an additional investigation of such actions, in particular request documents from the Client as may be required for such investigation. If the investigation proves that the Client has not committed any illegal actions, the Personal Account will be unblocked. In other cases, including, but not limited to, non-provision, or provision of an incomplete package of documents, or other attempts by the Client to prevent the additional investigation, the Company may close the Client's account and apply to law-enforcement authorities. This investigation may take up to 30 business days, in some exceptional cases more than 30 business days.

PAYING OUT

1. The player may request a pay-out of his winnings from his own Personal Account at any time.
2. Please note that all deposits and pay-outs may be subject to an administrative fee of up to 5% to cover any transaction expenses incurred.
3. The player will not be reimbursed in arrears for any differences between the amount credited and the amount debited from his credit card resulting from exchange rate fluctuations and bank charges by the bank issuing the credit card. Details on recovered charges can be accessed from the Transaction history link. For our casino offering pay-out ratios apply. In order to review specific pay-out ratios per game players may refer to the "Help/FAQ" menu (section payout/payout ratio casino) or to the return to player rates (RTP) listed by the provider within the individual game frame. Generally, the pay-out ratio of casino games offered by Company exceeds 95%. In any case, Company reserves the unlimited right to apply certain restrictions to the payment methods in designated countries and/or to certain players at its sole discretion. As a general rule, all funds that have been paid in the Personal Account, shall be paid out in the same manner (credit card, bank transfer, etc.) as the deposit occurred if supported by payment provider. If the Company has terminated this Agreement, then available funds on the balance free from any liabilities to the Company or other third parties will be paid out to the payment system used for depositing or any other at the sole discretion of the Company.
4. In case any refund is required to be made by the Company, it will only be made to the same account or using the same means of payment the funds were deposited with only in case the refund is required due to breach of the Agreement by the Company. In case that is not possible due to the limitations of the payment means provider - no refund of the deposits is possible.
5. Company has the exclusive and unfettered right to rule that withdrawals may be made only by bank transfer in order to validate the identity of the player.
6. The time for the withdrawal to be finalised may vary due to the circumstances but a withdrawal attempt should be approved or denied within 5 business days. A player shall be informed about reasons for any delay if the time for the money to arrive at the players account exceeds ten (10) business days.
7. Company reserves the right to charge a processing fee on any deposits which were not, or only partly, spent on play, should the player wish to withdraw the funds. Such processing fees may amount to up to 10% of the amount deposited.
8. Funds or balances on a Personal Account of one player cannot be transferred to a Personal Account of another player.
9. If the player incurs any extra costs in the course of the payment transaction, (e.g. upon paying out, paying in, payment of processing fees) e.g. due to retransfer to credit cards, higher transaction costs in the case of foreign bank transfers, etc., Company is entitled to charge the player's Personal Account with these additional costs. Likewise, costs arising from returned transactions for which the user is responsible (e.g. due to a wrongly stated account number, insufficient credit on the account, etc.) must be reimbursed by the holder of the account.
10. For withdrawals from the player's Personal Account, a minimum of EUR 20 applies. Minimum pay-out limits in all other currencies in use from time to time are listed on the payment section of this site. The maximum daily gain for one player for sports betting wins payable by Company is EUR 15,000 or its equivalent in another currency. The maximum amount that can be withdrawn from casino wins is 125,000 EUR per player per month. The Company may limit the withdrawal limit to 50,000 EUR per month in case the player wins per a single win more than 50,000 EUR or an equivalent sum in a different currency, unless stipulated differently in the Agreement. The daily, weekly, and monthly limits of withdrawal can be revised and changed by the Company on a case-by-case basis. Exceptions to these withdrawal rules can be made upon the discretion of the Company.
11. Finally, Company reserves the unfettered right to deduct a 5% service fee at its discretion from winnings in sports-betting achieved by players residing in selected countries. This service fee will be deducted prior to the winning being credited to the player's account and covers additional expenses for enabling the player to access our gaming services and play on our site.
12. The funds will be withdrawn from the Personal Account up to five (5) business days after the Company receives the Client's request, provided the following terms are met:
 - 12.1. the Personal Account has enough funds for withdrawal including the fees charged by financial institutions,
 - 12.2. the withdrawal request includes the method, currency, and account number used by the Client upon depositing monies into a Personal Account,
 - 12.3. the withdrawal request contains all information required to make a money transfer,
 - 12.4. the Client is a player and a payee of monies,
 - 12.5. the funds on the Personal Account were used in pursuance of this Agreement,
 - 12.6. verification of the Client was successfully completed if such verification was requested by the Company,
 - 12.7. no force majeure occurs.
13. Additional terms and rules on withdrawals can be accessed from the Website.

14. If Company mistakenly credits a player's Personal Account with monies including any winnings that do not belong to that player, whether due to a technical or human error or otherwise, that amount will be considered to be the property of Company and will be transferred out of your Personal Account as soon as possible after Company becomes aware of the erroneous payment. If prior to Company becoming aware of the error a player has withdrawn funds that do not belong to the player, without prejudice to other remedies and actions that may be available at law, the mistakenly paid amount will constitute a debt owed by the player to Company. In the event of an incorrect crediting, the player is obliged to notify Company immediately by email.
